Empathy Map

Create an empathy map to understand the needs, challenges, and learning experiences of students using the EduGenie AI Learning Assistant. The empathy map analyzes what students Say, Think, Do, and Feel while studying, helping the team design an AI-powered solution that provides concept explanations, question answering, quiz generation, text summarization, and personalized learning recommendations. This ensures the application effectively addresses students' learning needs.

SAYS • <i>I need quick and accurate answers to my doubts.</i> • <i>I want concepts explained in simple language.</i> • <i>I need quizzes to check my understanding.</i>		THINKS • <i>There should be one platform for all my learning needs.</i> • <i>AI can make learning faster and more effective.</i> • <i>I need a clear step-by-step learning path.</i>
	PERSONA NAME (Role / User Type)	
DOES • <i>Searches Google and YouTube for study materials.</i> • <i>Reads textbooks and notes before exams.</i> • <i>Uses online quizzes and AI tools to practice.</i>		FEELS • <i>Confused when concepts are difficult.</i> • <i>Stressed because of lengthy study materials.</i> • <i>Confident and motivated when learning becomes simple and interactive.</i>
