Customer Journey Map (EduGenie – AI Learning Assistant):

Map the student's learning journey from identifying a learning problem to receiving AI-powered assistance. Capture the student's actions, interactions with the application, thoughts, feelings, and improvement opportunities at each stage. This helps the team enhance the learning experience and develop a more effective, user-centered solution.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens EduGenie website • Enters a learning question • Selects explanation level	• Reads AI-generated explanation • Attempts interactive quiz • Views text summary	• Follows learning path • Reviews completed topics • Continues skill improvement
Touchpoint <i>What part of the service do they interact with?</i>	• Home page • Question input box • Submit button	• Explanation page • Quiz section • Summary section	• Learning Path page • Progress page • Study resources
Customer Thought <i>What is the customer thinking?</i>	• Can this answer my question? • Is the platform easy to use? • Will the AI give correct information?	• The explanation is easy to understand. • The quiz helps me learn. • The summary saves time.	• I know what to study next. • My understanding has improved. • This helps me learn efficiently.
Customer Feeling <i>What is the customer feeling?</i>	• Curious • Hopeful • Interested	• Confident • Motivated • Engaged	• Satisfied • Prepared • Accomplished

Process Ownership <i>Who is in the lead on this?</i>	Frontend (HTML, CSS, Jinja2)	FastAPI Backend & Gemini AI	Learning Path & Quiz Module
Opportunities <i>How can we improve this stage?</i>	• Better UI design • Faster page loading • Improved navigation	• More accurate AI responses • Better summaries • More interactive quizzes	• Progress tracking • Personalized learning suggestions • Save learning history
