Define Problem Statements (EduGenie AI Learning Assistant):

This section identifies the learning challenges faced by students, such as understanding difficult concepts, creating quizzes, summarizing study materials, and following a proper learning path. Defining these problem statements helps the team understand users' needs and develop an AI-powered learning assistant that provides clear explanations, instant quizzes, concise summaries, and personalized learning recommendations.

EduGenie Key Features:

 Intelligent Question Answering	 Simplified Concept Explanations	 AI-Powered Quiz Generation	 Educational Text Summarization	 Personalized Learning Path Recommendations	 Interactive & User-Friendly Interface

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student preparing for exams.	Understand difficult concepts quickly.	Textbooks are lengthy and difficult to understand.	I need simple explanations and instant answers.	Confused and frustrated.
PS-1	A student learning a new topic.	Test my knowledge through quizzes.	Creating good practice questions takes time.	I need instant MCQs with correct answers.	Unprepared for exams.
PS-1	A self-learner.	Revise long study materials.	Reading complete notes is time-consuming.	I want short and accurate summaries.	Overwhelmed with information.
PS-1	A beginner in programming or any subject.	Follow a proper learning path.	I don't know what to study first.	There is no clear step-by-step guidance.	Lost and unsure where to begin.
PS-1	A student using online learning resources.	Get all learning support in one place.	I have to switch between multiple websites.	Resources are scattered across different platforms.	Distracted and less productive.
